

## MORTON WILL IS FILED FOR PROBATE

WASHINGTON, May 26.—An estate estimated at \$10,000,000 is disposed of in the will of Levi P. Morton, former vice-president of the United States, which was filed in federal district court here today for probate. The document was executed June 29, 1910, and was modified by codicils of March 30, 1911, June 4, 1911, and June 24, 1917. Mr. Morton died recently at New York at the age of 96 years.

Mrs. Martha Morton Hartpence, of Philadelphia, a sister of the testator, is given a life annuity of \$2,000 and the sum of \$1,200 annually to be paid to Mrs. Caroline Lay, a sister-in-law of Mr. Morton. A life annuity of \$120 is to be paid to Mr. Morton's butler and cash bequests to other servants. Mr. Morton's personal effects and furniture are to be distributed among his children.

Morton Corcoran Eustis, a grandson, is given the silver writing set and candlesticks presented to Mr. Morton by resolution of the senate on expiration of his term as vice-president and to his "eldest grandson" is left the testimonial set of silver presented by the banking institutions of New York in 1865.

The remaining estate is bequeathed to the trustees, one share to be held in trust for each of the surviving daughters.

Mrs. William C. Eustis, Mrs. Helen Morton and Mrs. Mary Morton, and one share to be distributed among children of Mrs. Winthrop Rutherford, a deceased daughter. On the death of each daughter her share will go to her issue or if she dies without issue then to the other daughters or to the children of the deceased daughters.

James James, age 45, United States Marine hospital, May 22, tuberculosis.

Annie Moody, age 37, 687 Kansas, May 21, acute appendicitis.

## Vaudeville Training Very Good For Some

ROSA PONSELLE, SOPRANO.

In May, 1918, Rosa Ponselle was singing at the Palace theater, one of New York's leading vaudeville houses, as one of the Ponselle Sisters—not even a headliner. In November of the same year she made her debut in the leading role in "La Forza del Destino," with Caruso at the Metropolitan opera house.

Until her debut at the Metropolitan, Miss Ponselle had never before appeared in opera, her work had been entirely in vaudeville.

Since her triumph in "La Forza del Destino," and "Il Trovatore," she has sung in "Bohème," "Cavalleria Rusticana," "La Juive," and "Aida." Her first performance in the latter took place with the Metropolitan opera company at the Academy of Music on March 6, 1920.

Never having sung and went through the role before a packed house without one rehearsal. Who can say now that vaudeville training is not worth while?

This wonderful young singer will be heard in concert at the Lyric theater Monday evening, May 31, she being the final offering of the "Cortina Brothers," who have brought so many good musicians here during the season. They vouch for her excellence in concert work.

MEMPHIAN HAS CONTRACT.

PADUCAH, Ky., May 25 (Spt.)—Construction of marine ways at Metropolis, Ill., by a prominent Memphis shipbuilding firm will begin within the next 10 days. It was learned here today. Building material is being received at the Metropolis river front. Equipment of the new ways will extend for several blocks along the river front, it was stated.

YOU NEVER CAN TAME A WILD-CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it, causing cramping and nausea.

If you feel bloated, headachy, constipated and all knocked out, just get your drugstore and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

Lumbago, Sciatica, Neuritis and for Pain generally.

Hardly ten boxes of 12 tablets cost only a few cents. Druggists also sell larger Bayer packages. Aspirin is the trade mark of Bayer Manufacturing of Monacacalester of Salicylicacid.

## Moving Pictures

Strand.

Filmed on the same lavish scale that characterized "Male and Female" and his other notable cinema productions, Cecil B. DeMille's latest creation, "Why Change Your Wife?" is attracting crowds to the Strand theater this week.

This time Mr. DeMille has treated a vital question of married life in an entertaining manner. Gloria Swanson is featured as a too-wifely wife in the opening scene, with Thomas Meighan as the husband. Bored by her over-zealous care for his comfort, Friend Husband falls for a siren, in divorced and married life, new charm, only to discover that his former wife has blossomed out as a beauty.

Majestic.

Ten thousand dollars' worth of fun play a modest bit in "The Cup of Fury," by Rupert Hughes, at the Majestic Wednesday only. One of the costliest pictures in a week, valued at \$5,000, which the camera catches for about a minute as Helen Chadwick goes in to leave the enormous drawing room of the city mansion. The other half of this outlay of money is represented in a beautiful broad and long scale scene, lined in crime and finished with a trimming of fur tails.

Princess.

The fortunes of a little wife, who "came in a grab bag," as she describes it, are delightfully sketched in "Bright Skies," the latest Zasu Pitts picture, which is to be seen at the Princess theater for two days, starting Wednesday, laid down in New York's East Side and shifting to the country, far from the metropolis, the picture tells what happened to Zasu, a girl without parents, relatives or any kind of friends, when she decided to quit slaving at Mrs. Cassidy's boarding house.

Loew's Lyceum.

A playlet with more than the ordinary amount of action and comedy is "Her Father's Daughter," which opens at Loew's Lyceum Thursday, for the last part of the week. It deals with the elopement of a young couple, and a chase by the bride's father. The action takes place aboard an observation car, and the bit is said to be one continual laugh.

George S. Fredericks and company will present "Her Father's Daughter," a double of Farrar, who has fooled some of the best music critics in the country, is Muriel Mason, of Mason and Fletcher, who are co-headliners. Miss Mason in addition to very closely resembling the famous Metropolitan star, is possessed of an unusually good voice.

Vivian Rich comes in her latest release, "Would You Forgive?" the featured photoplay.

Orpheum.

"Adam Killjoy" has stood every kind of acid test and has never failed to produce its complete quota of laughs. In the face of Adam Killjoy is a Killjoy. But in this way he succeeds in creating joy for everybody else concerned. The part is played by Billy Miller, a farceur of unctious and rapidity. There is a little about the business of a business, but it is the greatest essential of any undertaking, and it is originally that made Lawton a superior juggler. It is the new twist and turn that give Lawton's new life and Lawton has created as many of these new tricks as any of his contemporaries. Lawton says he has a few ideas in juggling. He has a few mighty good ones, so good that they make him decidedly distinctive.

What Supports the Heart?

By N. COOK, M. D.

The heart is the hardest worked organ of the human body. It beats on an average of seventy times a minute—from the minute of birth to the minute of death. Every half minute or every thirty-second beat, the whole of the blood in the body is pumped through the heart, so that the dual heart moves about six tons of blood in each twenty-four hours. On the purity of that blood health depends. On the strength of the heart depends the strength of the body.

The question then is, how can we keep the blood pure and the heart strong? What is blood? Blood is only digested food. No man is stronger than his stomach, because physical strength is derived from food digested and assimilated. Deaths ascribed to weak heart and "heart failure," should be called weak stomach and "stomach failure."

It is this dependence of the heart upon the stomach which explains the relief from "heart trouble" effected by the use of Dr. Pierce's Golden Medical Discovery. This remedy is for diseases of the stomach and other organs of digestion and nutrition. It purifies the blood, eliminating from it the substances which corrupt and poison it. Even this alone would take the strain from the overtaxed heart. But Dr. Pierce's Golden Medical Discovery also acts directly upon the heart itself. It strengthens the heart's action.

This is the time of year when we need a reliable tonic. Toxins (poisons) pile up within the body after a "hard winter," and we feel tired out, blue and discouraged. If you want vim, vigor, vitality, try this Spring Tonic of Doctor Pierce's.

Right Care Means Plenty of Good Looking Hair

La Creole Liquid Shampoo.

La Creole Hair Tonic

It is really surprising that men and women so commonly permit their hair to lose its good looks and actually to fall out in unsightly quantities.

Men's hair becomes disagreeably oily and stringy and gets thinner and thinner. Women suffer with falling hair and dandruff. Their hair loses its life, beauty and luxuriance.

All this can be easily prevented. Plain neglect is the cause. No more care than is given the teeth will assure abundant, vigorous, beautiful hair if the care is wisely directed.

Simple Directions

Regularly, two or three times a week, apply La Creole Hair Tonic, using the balls of the fingers to rub it into the scalp with a rotary motion. La Creole Hair Tonic stimulates the scalp circulation, supplies the hair roots with needed nourishment, and loosens the clogged dust and dandruff which brushing will remove. Do not use an inferior tonic. It is a dangerous mistake to do so.

At regular intervals, every ten days or two weeks, the hair should be washed thoroughly with La Creole Liquid Shampoo. If an excessively oily condition exists shampoo more frequently. La Creole will keep the glands and pores open and healthy and preserves the fine hair oils which make the hair soft, lustrous and fluffy. Inferior shampoos and soaps must be avoided because they leave the hair dry, brittle and lifeless. Never fail after shampooing to apply La Creole Hair Tonic.

If these rules are faithfully followed any one can have the charm which beautiful hair adds to the personality. Begin the use of La Creole Hair Tonic and La Creole Liquid Shampoo at once and notice the new beauty and vigorous health of your hair.

La Creole Hair Dressing is a treatment for the gradual restoration of the natural dark color to hair that has grown gray, gray streaked, or faded.
